St George Pear Brandy (IL) Bold, round, ripe pear flavor layered with baking spice 6/9

MEZCAL

Curated by Mark, mezcal is made from ~30 species of agave (shown in brackets, and not a cactus). Typically the agave is roasted for days over a smoldering wood fire in a stone pit covered with agave or banana leaves, then stone ground by donkeys, fermented in pine barrels, and then distilled in clay or copper pot. Truly far out. (Tequila is a mezcal made from the blue agave.)
