BRIEF HISTORY Jerry's began whimsically in 2002 in the West Loop as just a simple sandwich shop with few seats. That little Jerry's closed in 2012, but it spawned the sandwich "empire" that we are today with two whole restaurants in Andersonville and Lincoln Square. Since back in the day when Mindy out front and Mark in the kitchen, Jerry's has grown into a staff collaboration among many. As always, we are a work in progress so expect to see continuous evolution. If you have ideas, complaints, praise, or other great thoughts, write us at mark@jerryssandwiches.com.

HOT SAUCES We like things spicy at Jerry's so there are many hot sauces floating among the tables, and don't hesitate to say if you find an appealing one missing from yours. There's no charge for any of them.
